THE GAZETTE.

SATURDAY IVENING, O TOBER 18.

A Bower of Snakes -They have snakes in Florida. They are not mentioned in the real estate advertisements, but they go with the real estate just the same, and likewise with the water. A young man who has gone down there to escape any cool weather that may strike the northern sec ion of the country this winter was out boating on the St. John's river with a friend on a recent evening, and, sseing a little tributary coming into the main stream beneath a picturesque aisle of cypresses, they decided to explore it. They had rowed but a short distance when the creek narrowed so that there was barely room to propel the bout and none to turn it, and an undergrowth of bushes bung so low as to almost truch their faces. A peculiar rusting caused them to stop their oars and listen. The noise was overhead. It was made by snakes. They had gotten into a regular nest of serpents. The banks were alive with them; the undergrowth was festcoded with them; they were crawling and squirming on every hand; they were dangling close to their heads; they were wriggling through the water-long snakes, short snakes, harmless snakes, poison snakes, fat snakes, lean snakes, ugly snakes, lazy snakes, an arbor of materialized delirium tremens. The two oarsmen glanced at each other for a second, then bending low and moving cautiously, they rowed their boat, stern foremost, back to the S. John's river. Until they reached the more open water neither of them spoke and they have no recollection of breathing. They do not row there any more.

I am a painter by trade. Three years ago I had a bad case of Lead Poison, caused by using paint. I was cured in a short time by S. S. S. The medicine drove the poison out through the pores of the skin. My system was so saturated with poison that my underclothes were colored by the paint being worked out by the medicine through the pores of my skin. I was cured entirely by S. S. S., and have had no return since. C. PARK LEAK, Waynesville, Ohio.
